August 6, 2009

Alarmco Inc.
1675 N. Mitchell St.
Boise, ID 83704

To Whom It May Concern:

The Sundance Company recently converted 30 of its facilities to Alarmco, Inc.'s local central station which offers the Wireless Radio Mesh Reporting System for fire alarm systems and our savings have been substantial. We no longer pay an annual phone bill to Quest (which ranged from \$897.00 to \$1200.00) and are saving approximately \$34,000.00 per year. Alarmco provides their monitoring service for a reasonable monthly fee and a one-time installation cost. The Sundance Company realized a return on investment within the first year.

The Sundance Company would recommend Alarmco to other businesses for the following reasons:

- 1) Alarmco's annual test and 24 hour monitoring services have been of excellent quality; and
- 2) The savings are substantial.

We thank Alarmco for bringing their valuable products and services to the Treasure Valley.

Sincerely,

THE SUNDANCE COMPANY

Gerry Helling
